Dear Global Customers,

This is Jennylee, and as the CEO of LS VISION, I am writing to express my heartfelt gratitude for your unwavering support and trust in our company over the years. In the highly competitive international trade arena, your partnership has been the cornerstone of our growth and a constant source of motivation for our entire team.

Our solar-powered security cameras, as an innovative new-energy product, have been a remarkable journey for us together. Thanks to your support, our cameras have been deployed worldwide, providing reliable security solutions. By using solar energy, we are also reducing carbon emissions, making a tangible contribution to environmental protection.

Your unique market insights and demands have driven us to continuously innovate our products, improving features like image quality and night-vision capabilities, as well as

enhancing our services to better meet the needs of the global market. Your feedback has been crucial in helping us adapt to the ever-changing global market and make strategic decisions that have led to our mutual success.

Looking ahead, we are filled with enthusiasm and high hopes. Our company is committed to further diversifying our new-energy product offerings, optimizing our supply chain to ensure faster delivery times, and strengthening our R&D capabilities. We aim to introduce more advanced solar-powered security cameras with even greater energy-saving features and enhanced security functions.

We firmly believe that there are limitless opportunities for us to expand our business cooperation. By working together, we can not only make the world a safer place with our reliable security cameras but also a more environmentally friendly one with the use of clean solar energy. Our joint efforts will help preserve a better world for future generations.

On this special occasion, I would like to extend my warmest wishes to you, your families, and your businesses. May the coming year be filled with prosperity, good health, and continued success.

Thank you again for your continuous support. We look forward to a future filled with even more fruitful collaborations and shared successes!

Welcome To Be LS VISION Global Partners

UBOX Low-power Solar Camera Series

Model | LS-4GS22 LS-WS22 4G/Wifi Dual Lens Solar Powered Battery Camera

4MP
ULTRA HD

Humanoid Detection

7W Solar Panel

10400mAh Battery

- 1. Pan&Tilt:Pan 355 degree&Tilt 100 degree. Two-way voice intercom. Waterproof grade IP66
- 2. 7 watt solar panel with 3m extension cord,built-in 10400mAh batteries
- 3. Cloud storage and TF card storage maximum 256G (without TF card) only supports 256GB TF card provided by LS VISION
- 4. 4G Camera: Built-in 4G module, different modules in different countries.4G network remote viewing/playback via APP (UBox).
WIFI Camera: WIFI 2.4GHz , IEEE 802.11 b/g/n, remote viewing/playback via APP (UBox)
- 5. Supports Bluetooth quick network configuration
- 6. PIR +AI humanoid detection alarm and video recording,red and blue alarm lights flashing, PIR detection distance: within 12 meters
- 7. 3.6mm +8mm lens,built-in infrared light + white light, night vision full color or infrared mode optional, IR distance 20 meters. Alarm deployment time can be set
- 8. Support dual-video linkage positioning and humanoid automatic tracking

Model | LS-4GS23 LS-WS23 4G/Wifi Dual Lens 20X Zoom Solar Battery Camera

6MP
ULTRA HD

20X
Zoom

10W Solar Panel

10000mAh Battery

- 1. 6MP dual-lens dual-screen wifi solar powered battery PTZ camera
- 2. Pan&Tilt:Pan 355 degree&Tilt 100 degree. Two-way voice intercom. Waterproof grade IP66
- 3. 10 watt solar panel with 3m extension cord,built-in 10000mAh batteries
- 4. Cloud storage and TF card storage maximum 256G (without TF card) , only supports 256GB TF card provided by LS VISION
- 5. 4G Camera: Built-in 4G module, different modules in different countries.4G network remote viewing/playback via APP (UBox).
WIFI Camera: WIFI 2.4GHz , IEEE 802.11 b/g/n, remote viewing/playback via APP (UBox)
- 6. Supports Bluetooth quick network configuration
- 7. PIR +AI humanoid detection alarm and video recording,PIR detection distance: within 12 meters
- 8. Alarm deployment time can be set
- 9. 4mm wide-angle lens + 6-36mm 20x zoom PTZ lens,Seeing clearly from far and near
- 10. Built-in infrared light + white light, night vision full color or infrared mode optional, IR distance 40 meters
- 11. Support dual-video linkage positioning and humanoid automatic tracking

Solar Energy No Need To Charge

Connect the camera to the solar panel,and it will get uninterrupted power all day and all night.

Solar Battery Camera

9W Solar Panel

15600mAh Battery

1. Dual-lens dual-screen solar powered battery PTZ camera
2. Internet access mode; wifi or 4G device is optional
3. Pan&Tilt:Pan 355 degree&Tilt 100 degree
4. 9 watt solar panel with 3m extension cord,built-in 15600mAh batteries
5. Two-way voice intercom
6. Cloud storage and TF card storage maximum 256G (without TF card)
7. Remote viewing/playback via APP (UBox)
8. Dual PIR +AI humanoid detection alarm and video recording
9. Alarm deployment time can be set
10. 2.8mm wide-angle lens + 36x zoom PTZ lens, panoramic view and details are visible
11. Built-in infrared laser light + white light, night vision full color or infrared mode optional, IR distance 80 meters
12. Support dual-video linkage positioning and humanoid automatic tracking
13. Waterproof grade IP66

9W Solar Panel

15600mAh Battery

1. 6MP dual lens wifi/4G solar powered battery floodlight PTZ camera
2. Pan&Tilt: Pan 355 degree&Tilt 100 degree
3. 9 watt solar panel with 3m extension cord,built-in 10400mAh or 15600mAh batteries
4. Two-way voice intercom
5. Cloud storage and TF card storage maximum 256G (without TF card) , only supports 256GB TF card provided by LS VISION
6. 4G Camera: Built-in 4G module, different modules in different countries.4G network remote viewing/playback via APP (UBox).
WIFI Camera: WIFI 2.4GHz , IEEE 802.11 b/g/n, remote viewing/playback via APP (UBox).
7. Supports Bluetooth quick network configuration
8. Dual PIR +AI humanoid detection alarm and video recording
9. Arbitrary arming time can be set
10. 2.8mm wide-angle lens + 5-50mm 20x zoom PTZ lens,Seeing clearly from far and near
11. Built-in infrared light + white light, night vision full color or infrared mode optional, IR distance 40 meters
12. Support dual-video linkage positioning and humanoid automatic tracking
13. Waterproof grade IP66

24/7 Recording

20W Solar Panel

30000mAh Battery

1. 24-hours long video + low power sleep dual mode solar powered battery PTZ camera
2. 24-hour recording when the battery is sufficient, trigger recording when the battery is low
3. Pan&Tilt:Pan 355 degree&Tilt 100 degree
4. 20 watt solar panel,built-in 30000mAh batteries
5. Two-way voice intercom
6. Cloud storage and TF card storage maximum 256G (without TF card) , only supports 256GB TF card provided by LS VISION
7. WIFI Camera: WIFI 2.4GHz , IEEE 802.11 b/g/n, remote viewing/playback via APP (UBox)
4G Camera: Built-in 4G module, different modules in different countries.
4G networkremote viewing/playback via APP (UBox)
8. Mobile phone APP message push when someone is detected
9. Arbitrary arming time can be set
10. 5-50mm 20x zoom lens,built-in infrared light + white light, night vision full color or infrared mode optional IR distance 40 meters
11. Waterproof grade IP66

Model | LS-4GS14 LS-WS14 4G/Wifi Solar Powered Battery Camera

1. Wifi Model: WIFI 2.4GHz , IEEE 802.11 b/g/n,
4G Model: Built-in 4G module, different modules in different countries
2. Pan&Tilt:Pan 355 degree&Tilt 100 degree
3. Wifi Model: 3.5 watt solar panel,built-in 7800mAh batteries.
4G Model: 6 watt solar panel,built-in 10400mAh batteries
4. Two-way voice intercom
5. Cloud storage and TF card storage maximum 256G (without TF card) ,
only supports 256GB TF card provided by LS VISION
6. Remote viewing/playback via APP (UBox)
7. Automatic video recording and message push when human body motion wakes up
8. Arbitrary arming time can be set
9. 3.6mm lens, infrared light or white light can be set , dual use for video surveillance and garden lights
10. Waterproof grade IP66

Model | LS-4GS10 LS-WS10 4G/Wifi Solar Powered Battery Camera

1. Wifi Model: WIFI 2.4GHz , IEEE 802.11 b/g/n
4G Model: Built-in 4G module, different modules in different countries
2. Pan&Tilt:Pan 355 degree&Tilt 100 degree
3. Wifi Model: 3.5 watt solar panel,built-in 7800mAh batteries.
4G Model: 3.5 watt solar panel,built-in 7800mAh batteries.
4. Two-way voice intercom
5. Cloud storage and TF card storage maximum 256G (without TF card) ,
only supports 256GB TF card provided by LS VISION
6. Remote viewing/playback via APP (UBox)
7. Automatic video recording and message push when human body motion wakes up
8. Arbitrary arming time can be set
9. 3.6mm lens,built-in infrared light + white light, night vision full color or infrared
mode optional IR distance 15 meters
10. Waterproof grade IP66

15000mAh Battery

1. 6MP dual lens wifi solar powered battery floodlight PTZ camera
2. Pan&Tilt:Pan 355 degree&Tilt 100 degree
3. WIFI Camera: 6 watt solar panel with 3m extension cord,built-in 10000mAh batteries
4G Camera: 6 watt solar panel with 3m extension cord,built-in 15000mAh batteries
4. Two-way voice intercom
5. Cloud storage and TF card storage maximum 256G (without TF card)
only supports 256GB TF card provided by LS VISION
6. WIFI Camera: WIFI 2.4GHz , IEEE 802.11 b/g/n, remote viewing/playback via APP(UBox)
4G Camera: 4G network remote viewing/playback via APP (UBox)
7. Dual PIR +AI humanoid detection alarm and video recording
8. Arbitrary arming time can be set
9. 2.8mm +6mm lens,built-in infrared light + white light, night vision
full color or infrared mode optional, IR distance 20 meters
10. Support dual-video linkage positioning and humanoid automatic tracking
11. Waterproof grade IP66

3MP
ULTRA HD

Model | LS-HM3-4G 4G GPS Positioning Solar Cellular Hunting Camera

1. 4G solar alert intelligent hunting camera
2. Built-in 4G module, different modules in different countries
3. 5 watt solar panel with 3m extension cord, built-in 7800mAh (18650) batteries
4. Two-way voice intercom
5. Cloud storage and TF card storage maximum 128G (without TF card)
6. 4G network remote viewing/playback via APP (UCon)
7. GPS positioning +Temperature Sensor+ ultra-low illumination image sensor
8. Ultra-low powerstandby, quick wake up in 0.2 seconds
9. 3 PIRs sensing +Ai motion detection alarm,PIR detection distance: within 20 meters
10. Support picture mode (3MP) or video mode(3MP) can be set
11. 6mm lens,built-in 940nm infrared light, night vision distance 15 meters
12. Waterproof grade IP66

4MP
ULTRA HD

Model | LS-HM1-4G 4G Solar Cellular Hunting Camera

1. 4G solar alert intelligent hunting camera
2. Built-in 4G module, different modules in different countries
3. 4 watt solar panel with 3m extension cord, built-in 7800mAh (18650) batteries,supports quick disassembly and replacement
4. Two-way voice intercom
5. Cloud storage and TF card storage maximum 128G (without TF card)
6. 4G network remote viewing/playback via APP (UCon)
7. Ultra-low power standby, quick wake up in 0.2 seconds
8. PIR sensing +AI move detection alarm
9. Support picture mode (14MP) or video mode(4MP) can be set
10. 3.6mm lens,built-in infrared light (850nm) , night vision distance 15 meters
11. Support integrated installation and separated installation
12. Waterproof grade IP66

UBOX Battery Camera Series

Model | LS-BC3-4G LS-BC3 4G/Wifi Solar Battery PT Camera

1. Pan&Tilt: Pan 180 degree electric rotation & Tilt 100 degree manual rotation
2. 3.5 watt solar panel with 3m extension cord, built-in 9000mAh batteries
3. Two-way voice intercom
4. Cloud storage and TF card storage maximum 256G (without TF card), only supports 256GB TF card provided by LS VISION
5. 4G Camera: Built-in 4G module, different modules in different countries. 4G network remote viewing/playback via APP (UBOX).
WIFI Camera: WIFI 2.4GHz, IEEE 802.11 b/g/n, remote viewing/playback via APP (UBOX)
6. Automatic video recording and message push when human body motion wakes up, PIR detection distance: within 10 meters
7. Alarm deployment time can be set
8. 4mm lens, built-in infrared light + white light, night vision full color or infrared mode optional, IR distance 15 meters
9. Waterproof grade IP66

Model | LS-BC1-4G LS-BC1 4G/Wifi Indoor Mini Battery Camera

1. 3MP 4G Mini battery camera
2. Built-in 2400mAh batteries
3. Two-way voice intercom
4. Cloud storage and TF card storage maximum 256G (without TF card) only supports 256GB TF card provided by LS VISION
5. 4G Camera: Built-in 4G module, different modules in different countries. 4G network remote viewing/playback via APP (UBOX).
WIFI Camera: WIFI 2.4GHz, IEEE 802.11 b/g/n, remote viewing/playback via APP (UBOX)
6. Automatic video recording and message push when human body motion wakes up, PIR detection distance: 5 meters
7. Alarm deployment time can be set
8. 3.2mm lens, built-in 940nm infrared light, IR distance 8 meters
9. Not waterproof, suitable for indoor use

Model | LS-BC2-4G LS-BC2 4G/Wifi Battery Camera

1. Built-in 5200mAh batteries
2. Two-way voice intercom
3. Cloud storage and TF card storage maximum 256G (without TF card), only supports 256GB TF card provided by LS VISION
4. 4G Camera: Built-in 4G module, different modules in different countries. 4G network remote viewing/playback via APP (UBOX).
WIFI Camera: WIFI 2.4GHz, IEEE 802.11 b/g/n, remote viewing/playback via APP (UBOX)
5. Automatic video recording and message push when human body motion wakes up, PIR detection distance: within 10 meters
6. Alarm deployment time can be set
7. 4mm lens, built-in infrared light + white light, night vision full color or infrared mode optional, IR distance 15 meters
8. Waterproof grade IP66

V380 Solar Camera Series

Model | LS-CS5-4G LS-CS5 4G/Wifi Dual Lens Solar Battery Camera

1. 2K dual-lens dual-screen solar powered battery PTZ camera
2. Pan&Tilt:Pan 355 degree&Tilt 100 degree
3. 5.5 watt solar panel with 1.3m extension cord,built-in 6000mAh batteries
4. Two-way voice intercom
5. Cloud storage and TF card storage maximum 128G (without TF card)
6. 4G Camera: 4G network, remote viewing/playback via APP (V380 Pro)
WIFI Camera: WIFI 2.4GHz , IEEE 802.11 b/g/n, remote viewing/playback via APP (V380 Pro)
7. PIR +Ai humanoid detection alarm and video recording,PIR detection distance: within 8 meters
8. Arbitrary arming time can be set and alarm sound can be set
9. 3.6mm +3.6mm lens,built-in infrared light + white light, IR distance 20 meters
10. Support humanoid automatic tracking
11. Waterproof grade IP66

Model | LS-CS3-4G LS-CS3 Solar Battery PTZ camera

1. 2K dual-lens dual-screen wifi/4G solar powered battery PTZ camera
2. Pan&Tilt:Pan 355 degree&Tilt 100 degree
3. 8 watt solar panel with 1.8m extension cord,built-in 8000mAh batteries
4. Two-way voice intercom
5. Cloud storage and TF card storage maximum 128G (without TF card)
6. WIFI Camera: WIFI 2.4GHz , IEEE 802.11 b/g/n, remote viewing/playback via APP (V380 Pro)
4G Camera: 4G network, remote viewing/playback via APP (V380 Pro)
7. PIR +Ai humanoid detection alarm and video recording
8. Arbitrary arming time can be set and alarm sound can be set
9. 3.6mm +3.6mm lens,built-in infrared light + white light, IR distance 20 meters
- 10.Support humanoid automatic tracking
11. Waterproof grade IP66

Model | LS-CS3U-10X-4G LS-CS3U-10X 10X Zoom Solar Battery PTZ camera

1. 2K dual-lens dual-screen wifi solar powered battery PTZ camera
2. Pan&Tilt:Pan 355 degree&Tilt 100 degree
3. 8 watt solar panel with 1.8m extension cord,built-in 8000mAh batteries
4. Two-way voice intercom
5. Cloud storage and TF card storage maximum 128G (without TF card)
6. WIFI 2.4GHz , IEEE 802.11 b/g/n, remote viewing/playback via APP (V380 Pro)
7. PIR +AI humanoid detection alarm and video recording,PIR detection distance: within 10 meters
8. Arbitrary arming time can be set and alarm sound can be set
9. 3.6mm +3.6mm +8mm lens 10X zoom,built-in infrared light + white light, IR distance 25 meters
10. Support humanoid automatic tracking
11. Waterproof grade IP66

AOV Solar Camera Series

Model | LS-CS102-4G- 50X

Parts 1, 2, and 3
Metal Material

1. 2K dual-lens dual-screen AOV 4G solar powered battery PTZ camera
2. Pan&Tilt:Pan 355 degree&Tilt 100 degree
3. 26 watt dual solar panel with 1.8m extension cord,built-in 31200mAh batteries
4. Two-way voice intercom. Waterproof grade IP66. Humanoid automatic tracking
5. Cloud storage and TF card storage maximum 512G (without TF card)
6. 4G network, remote viewing/playback via APP (ICsee)
7. Ai humanoid detection alarm and real-time push of alarm information, detection distance: within 80 meters
8. Arbitrary arming time can be set and alarm sound can be set
9. 4mm wide-angle lens + 6~108mm 50x zoom lens,built-in infrared light + white light, IR distance 100 meters
10. 24/7 Surveillance Recording, it can work for 3 to 7 days when fully charged
11. Always on video (AOV), low frame rate recording during standby time and full-frame recording after humanoid detection is triggered

Model | LS-CS101-4G- 20X AOV 20X Zoom 16 Watt Solar PTZ Camera

1. 2K dual-lens dual-screen AOV 4G solar powered battery PTZ camera
2. Pan&Tilt:Pan 355 degree&Tilt 100 degree
3. 16 watt dual solar panel with 2m extension cord,built-in 16000mAh batteries
4. Two-way voice intercom. Waterproof grade IP66. Humanoid automatic tracking
5. Cloud storage and TF card storage maximum 512G (without TF card)
6. 4G network, remote viewing/playback via APP (ICsee)
7. Ai humanoid detection alarm and real-time push of alarm information, detection distance: within 50 meters
8. Arbitrary arming time can be set and alarm sound can be set
9. 24/7 Surveillance Recording, it can work for 3 to 7 days when fully charged
10. Always on video (AOV), low frame rate recording during standby time and full-frame recording after humanoid detection is triggered
11. 4mm wide-angle lens + 6~36mm 20x zoom lens,built-in infrared light + white light, IR distance 50 meters

Model | LS-CS100-4G LS-CS100 AOV 9 Watt Solar PTZ Camera

1. 2K dual-lens dual-screen AOV 4G solar powered battery PTZ camera
2. Pan&Tilt:Pan 355 degree&Tilt 100 degree
3. 9 watt solar panel with 1.8m extension cord,built-in 10000mAh batteries
4. Two-way voice intercom. Waterproof grade IP66. Humanoid automatic tracking
5. Cloud storage and TF card storage maximum 512G (without TF card)
6. 4G Camera: 4G network, remote viewing/playback via APP (ICsee)
WIFI Camera: WIFI 2.4GHz , IEEE 802.11 b/g/n, remote viewing/playback via APP (ICsee)
7. Ai humanoid detection alarm and real-time push of alarm information, detection distance: within 20 meters
8. Arbitrary arming time can be set and alarm sound can be set
9. 4mm +4mm lens,10X digital zoom,built-in infrared light + white light, IR distance 20 meters
10. 24/7 Surveillance Recording, it can work for 7 to 15 days when fully charged
11. Always on video (AOV), low frame rate recording during standby time and full-frame recording after humanoid detection is triggered

Project Solar Camera Series

UHD 20X/50X Zoom Ball Machine
+ 60W/80W Solar Panels

Model | LS-WL660-4G-50X LS-WL660-50X 50X Zoom PTZ Metal Ball Camera

1. 6 inch 6MP HD 50X zoom PTZ camera, metal ball cover, better resistance to high temperature and impact;
2. Dual-lens dual-screen, ultra-wide-angle + 50X zoom PTZ to achieve clear monitoring from far and near;
3. Dual light source design, built-in infrared light + white light, night vision infrared and night vision full color can be set, 2pcs laser light, night vision infrared 120 meters;
4. Pan&Tilt: horizontal 0~355 degrees, vertical 0~90 degrees;
5. 2.4G WIFI + RJ45 network port for Internet access;
optional European/US version 4G(the 4G version does not support RJ45 network ports)
6. Support TF card storage (Maximum 128G)and cloud storage;
7. Two-way voice intercom, two-way video synchronous recording and playback
8. Support humanoid detection, motion detection, intelligent sound and light alarm;
9. Support ONVIF protocol and access NVR(4G version does not support);
10. Supports Bluetooth quick network configuration;
11. Supports PC client preview (VMS) ;
12. Support Connects to Amazon Alexa ;
13. Support Android/IOS APP remote management
14. power supply DC 12V.

Model | LS-WL661-4G-50X LS-WL661-50X 6 Inch 50X Zoom PTZ Camera

1. Dual-lens dual-screen, ultra-wide-angle + 50X zoom PTZ to achieve clear monitoring from far and near;
